You'll need phenomenal relationship building skills for this role, with the ability to deal with people across the organisation, as well as a high attention to detail, a willingness to learn and you'll be capable of working both independently and as part of our diverse and successful team.

How to Apply

Whilst a CV is important, we'd also like to get to know you as more than just a name on a piece of paper, which is why we're asking you to address some questions that are important to us in a Word or PDF document:

1. What interests you about Compliance?
2. How do you think Compliance contributes to the overall success of an investment management firm?
