

RECORD

Execution Trader

The Role

We are recruiting for a Trainee Trader to join our Trading team. The Trading team execute all of Record's daily FX trades and other products, including futures, swaps, bonds and cash. As a Trader you will be required to gain an in-depth understanding of the range of FX trading strategies employed in each client portfolio to trade. The Trading team are also responsible for monitoring FX market developments, providing regular information to our various investment teams, and are involved with quantitative trade data analysis.

Record Currency Management

Record Currency Management is an established, independent currency manager, managing approximately £58.1bn (as at 31 March 2021) in client currency exposures. Our clients are largely institutions, including pension funds, charities, foundations, endowments, and family offices. Record's services include bespoke currency hedging, currency for return and additional currency solutions and consulting services.

You will be offered a comprehensive package including a base salary, bonus, pension, private medical and dental care, 25 days holiday, permanent health insurance, subsidised gym membership and a number of other salary sacrifice benefit options which are available for all employees. A hybrid working pattern will also be discussed and agreed within the team to allow some Remote working/'Work from Home'.

Key Responsibilities

- Execution of daily FX trades
- Execution of other products, such as swaps, futures, bonds and cash
- Interpret executed trade data for the purpose of transaction cost and product development
- Monitor FX market developments and provide regular information to the company
- Develop and maintain an in depth knowledge of the range of FX trading strategies employed in each client portfolio

Requirements

Essential:

- Degree (or international equivalent).
- A Level in a mathematical subject, as this is a highly numerate role (or international equivalent).
- Strong analytical, numerical, and problem-solving skills with at least a basic grasp of statistics.
- Excellent attention to detail.
- Excellent communication skills, works well both in a team and independently.
- An interest in quantitative data manipulation-through e.g. MS Excel.

Preferable:

- Strong writing skills.
- A keen interest in financial markets and investment and a desire to learn more in this area.

Long-term career prospects

The role would suit an individual who is seeking a thriving long-term career in trading and investment management. At Record we have a company-wide approach of developing our colleagues; as such, you can expect to benefit from our years of experience in training and support.

Equal Opportunities Statement

Record is proud to be an Equal Opportunities Employer. We strive to be a diverse workforce where everyone is celebrated and included.
