Locations: Henley-on-Thames, England, United Kingdom

Career Area: Big Data, Risk & Quantitative Analytics

Applications Close: 21st March 2021

Start Date: 20th September 2021

Ever thought about a career in Investment Risk?

Invesco is proud to be a part of the Investment20/20 initiative, and we are delighted to invite you to apply for a 12 month placement with us, starting on 20th September 2021. Our culture of collaboration and inclusion makes Invesco a great place to work and reflects the broad diversity of thought across our organisation. We offer entry level work experiences that will inspire and challenge you!

These are traineeships, so we are specifically looking for results-oriented and motivated graduates who are interested in a career in Investment Risk Oversight.

A bit about the Team

The team's role is to undertake independent risk management responsibilities relating to investment risk. This could include the oversight of implemented actions, strategies and processes aimed to comply with regulatory requirements for risk management and risk reporting, as well as ensuring relevant techniques for risk measurement are in place and that regular reviews take place to assess the efficacy of existing methods. Finally, it facilitates the identification, evaluation and quantification of risks.

Your Role

You could be involved in preparing risk reports and management information for key business partners, as well as supporting in the monitoring and analysis of investment risk results in relation to market, credit, liquidity, leverage, counterparty, valuation and derivatives risk.

Sound interesting? You'll need a degree with a strong numerical basis for this role. If you have some basic programming skills, that would also be useful. In addition to this, we're looking for candidates with a willingness to learn, who have great problem-solving skills and the ability to work both independently and as part of our diverse and successful team.

How to Apply

Whilst a CV is important, we'd also like to get to know you as more than just a name on a piece of paper, which is why we're asking you to address some questions that are important to us in a Word or PDF document:

1. What interests you about Investment Risk?
2. How do you think Investment Risk contributes to the overall success of an investment management firm?
3. Tell us about a particularly challenging situation you've faced personally and what you've learnt from this
4. What would you like to achieve in your career and how can this placement help you get there?
5. What has your work experience and/or education taught you so far about yourself?
6. What is your proudest achievement?

***This is a great opportunity for you to shine and to help us better understand your motivations!
Unfortunately, we will not be able to consider your application without this submission.***
