

REPORTING TRAINEE

Do you want to grow your knowledge and understanding every day?

Do you want to work with a bright, fresh and diverse group of people hungry to make a difference and solve new problems?

Do you want to be part of an organisation that values and encourages the personal growth and development of each member of staff?

We like to talk the talk and are now walking the walk looking for someone who can ensure our clients get the top standard whether they're new or have been with us for the past 11 years – can you handle it? The Redington Reporting team is an integral link from the technical asset modelling colleagues and our consulting teams. You will be helping to effectively communicate really important data across the business to deliver our client's requirements. This position is a permanent full time position, with training provided.

INVESTMENT20/20 PROGRAMME

The Investment20/20 Trainee Programme at Redington is aimed at graduates as well as school/college leavers. The purpose is to enable individuals with limited or no exposure to financial services to start their careers in the investment management industry and gain the skills and experience required to progress their careers within the industry.

All Trainees will be part of the wider Investment20/20 community with the opportunity to build relationships with Trainees outside of Redington through both social and professional events. Trainees will receive extensive 'on the job' training. Individuals will be provided with training and experience to deliver a presentation and gain exposure to public speaking as part of the Trainee Scheme.

YOU ARE LIKELY TO BE

- School leaver or graduate
- Numerate with good knowledge of statistics
- Detail oriented – always crossing the 'T's and dotting the 'i's
- Experienced in Excel
- Have a passion for personal development
- Adaptable and agile with your approach to different people
- Persistent – can see things through to completion
- Quick to learn, quick to understand and quick to evaluate

YOU MIGHT ALSO HAVE

- Some exposure to advanced Microsoft Excel functions
- An interest in financial markets
- Done some self-guided research into the complexities of asset management and the funds management industry

ABOUT US

Redington co-founders Robert Gardner and Dawid Konotey-Ahulu started Redington with a vision: to transform people's experience of saving for retirement from fear and uncertainty to clarity, confidence and control.

Over a decade later, two employees have become scores, and millions look forward to a more secure future because we dare to do things differently. Our Investment Consultants, Specialists and Tech Aficionados break the mould daily to ensure we continue our mission to help 100 million people enjoy a financially secure retirement.

Here's to the future.

Remote working set-up while we are in the current situation, early finish on Friday, a day off for your birthday, private medical, 25 days holiday, 7% Employer contribution to Pension with 2% matching option to your pension or an ISA, Social Events, Free tea, coffee and fruit, Time off over Christmas without using annual leave, gym subsidy (when we are allowed back), training and continuous development personal/professional culture
